TEACHERS MADE 50

ST. JOSEPH CENTRALS WERE EASY FOR NORMAL FIVE.

VISITORS NEVER IN IT

The Game Was Never in Doubt After First Five Minutes of Play—Locals Go to St. Joseph Feb. 2.

St. Joseph Central high school's basketball team proved to be no match for the State Normal five in the contest which took place at the Normal gymnasium Saturday night. The result of the game was never in doubt after the first five minutes, for the Normals took the lead and continued to increase it throughout the game. Although the teachers scored a total of 50 points they did not put up nearly as good a game as they are capable of. The first ten minutes of the initial period was a free-for-all under the Normal's goal, in which time the Normal goal throwers took dozens of shots which availed them nothing. Both teams played like it was their first appearance in a game this season, and fumbled the ball repeatedly. But in the latter part of the first half and the entire second half both teams played a better brand of ball, particularly the Normals. The score at the end of the first period was in the Normals' favor 27 to 4.

Coach Cassidy substituted Ruhloff for Lange in the second half and he had more success in guarding Vandersloot, the Normal's fast forward. However, Van got eight goals and played team work to perfection. Mitchell also showed up well, the lanky left forward dropping in eight goals, several of which were from difficult angles. The entire Normal team played an excellent defensive game, as is evident from the fact that their opponents secured but three field goals.

Near the close of the game Coach Moore sent in Nixon, Gault and McGrew to replace Perrin, Taylor and V. Seymour.

The locals will play a return game with Central on February 2, at St. Joseph, and the following night they play Benton high school at South St. Joseph. Benton defeated the Normal twice last season and the locals are expecting to square accounts. The line-up:

St. Joseph—Modeer and Toole, forwards; Johnson, center; Liberman (captain) and Lange, Ruhloff, guards.

Normal—Vandersloot and Mitchell, forwards; Perrin (captain), Nixon, center; V. Seymour, McGrew and Taylor, Gault, guards.

Summary—Field goals, Vandersloot 8, Mitchell 8, Perrin 6, Taylor, Modeer, Toole, Johnson. Free throws, Vandersloot 2, Perrin 2, Modeer 3, Liberman 2.

Referee—Cassidy, St. Joseph Central. Umpire, Moore, Normal.

THREE SUITS FILED.

Litigants Who Got in Late Saturday, the Last Day for Filing.

Cook, Cummins & Dawson filed a damage suit Saturday afternoon for the Conception Lumber company against George W. Crossan, alleging that he had agreed to sell and they had agreed to buy lot 1, block 2, Wilcox, for the sum of \$300; that they had paid him the money and kept their part of the agreement, and that he refused to make a deed to the property. They ask damages for failure to perform contract.

Joseph and John Allen, by their attorney, M. E. Ford, filed a suit against J. W. Herndon et al. for \$1,603 alleged to be due them as a commission on the sale of the stock of the Maryville Mercantile company to Laura S. and Frank E. Yaley in 1910. The petition states that the stock was sold for 110 per cent of the invoice, and that the sum realized for the stock was \$32,396, of which they were to have received a commission of 5 per cent.

P. L. Growney, acting as his own attorney, filed a suit for \$1,200 against Jeremiah Vaughn, for attorney's fees alleged to be due for several years of service rendered by Mr. Growney for Mr. Vaughn.

FARM HOUSE BURNED.

Fire Destroyed the Residence of James Palmer Sunday Afternoon.

The residence of James Palmer, near Ravenwood, was destroyed by fire shortly after 1 o'clock Sunday afternoon. The house was a large, roomy structure and was worth between \$1,500 and \$2,000. In addition to the living rooms occupied by the family there was one room that was used as a store room, and it was full of materials stored there. Part of the furniture in the lower rooms was saved, but everything upstairs, including all the clothing of the family except that worn at the time, was burned. Six feather beds were burned in one room. Mr. and Mrs. Palmer have eight children, two of whom, Misses Lucy and Mabel, are students at the Normal. Mr. Palmer removed what was saved into a vacant house nearby, on the Ferguson farm. He carried insurance to the amount of \$800, but has been unable to find his policy.

AMI HUFFMAN DEAD.

Well Known Stockman of Clyde Victim of Paralysis.

Ami Huffman, who for thirty-seven years had been one of the best known stockmen in Nodaway county, died Sunday evening at 8 o'clock, at his home in Clyde.

The body was taken to Dallas City, Ill., for burial, accompanied by Mrs. Huffman and two of her sisters from Illinois, who had been with her for two weeks, the party leaving Monday noon.

Mr. Huffman was stricken last August with paralysis and had been confined to his bed most of the time since. He suffered another stroke in November, and the last stroke occurred about a week ago. He is survived by his wife, to whom he was married twenty-eight years ago. He was a very popular man among farmers and stockmen throughout Northwest Missouri.

Bible Classes Organized.

About thirty-five girls of the Normal Y. M. C. A. met at Perrin Hall Sunday afternoon for the organization of two Bible study classes, which will meet each Sunday afternoon.

Mrs. E. L. Harrington, wife of Prof. Harrington of the Normal faculty, will have charge of one of the classes and Miss Palmer, a student of the Normal, will have charge of the other. The classes will secure text books by means of which a systematic study may be made.

Funeral Services Postponed.

Agent W. E. Goforth of the Burlington went to Bolckow Monday morning to attend the funeral services of his uncle, the late J. T. Snider, who was found dead in his home, about a mile from Barnard, Friday afternoon. The services were to have been held Sunday afternoon at the home of a sister of the deceased, Mrs. J. H. Goforth of Bolckow, but they were postponed until Monday to await the arrival of a sister, Mrs. Stonehocker, from Kansas.

President W. A. Blagg of the board of regents of the Northwest Normal, and Registrar W. A. Rickenbrode of the Normal, went to St. Joseph Monday morning to attend a meeting of the board of regents. President Taylor went to St. Joseph Sunday morning.

MRS. JACKSON DEAD

DIED IN ROCHESTER, MINN., AT THE MAYO HOSPITAL.

OPERATED ON SATURDAY

News of Death a Great Shock to the Family Here—Remains Being Brought Back.

Mrs. Joseph Jackson, Sr., of this city, who was taken to Rochester, Minn., a week ago for treatment at the Mayo hospital, passed away at that institution this (Monday) morning at 9:35 o'clock. Mrs. Jackson underwent a surgical operation Saturday morning and rallied very well from the ordeal. Saturday evening, however, she began to weaken and gradually failed until death came.

Mrs. Jackson's son, Joseph Jackson, Jr., left for Rochester early Sunday morning, and was with his mother when she died, in company with his sisters, Mrs. J. F. Colby of this city and Mrs. Miles G. Saunders of Pueblo, Col., who accompanied her to Rochester.

Mrs. Jackson's death is a great shock to her family, as they had been very hopeful that the operation would bring relief from a long period of ill health that she had suffered. Messages were received every hour by Mr. Jackson, Sr., in this city and his daughters, Mrs. Ernest Alexander of Medicine Lodge, Kan., and Mrs. Paul Ream of Kansas City, since Sunday afternoon, which in a measure prepared them for the worst. Mr. Jackson was unable to go to Rochester with his wife, and two of his daughters remained with him and the two other daughters went with Mrs. Jackson.

The body is expected to arrive in Maryville Tuesday night or Wednesday morning, when announcement will be made for the funeral services.

Mrs. Jackson was a native of Andrew county, Missouri, where she was born, December 9, 1847. She was married to Mr. Jackson on the 29th of April, 1866. Six children were born to them, one dying in infancy.

Mrs. Jackson was one of the most active members of the First Presbyterian church of this city until ill health compelled her to give up her work, and the news of her death will be received with deep sorrow by the many old friends of the family throughout the city and county.

ORGANIZED AT GRAHAM.

Township Organization Formed Saturday to Carry on Local Option Campaign.

A mass meeting of the temperance people was held at the Presbyterian church in Graham Saturday afternoon for the purpose of effecting a township organization. Will Gex, a member of the county committee, called the meeting to order. These officers were elected: Rev. Winfrey, president; Prof. Decker, secretary; H. Frank, treasurer. An executive committee of five members to manage the campaign and to co-operate with the county central committee, was named, consisting of Rev. Nichols, Dr. S. H. Rowlett, H. Frank, J. W. Dougherty and James Decker. It was decided to effect an organization in each of the thirteen school districts of the township and to make a vigorous and effective campaign in each of them.

After the business of the meeting was transacted Rev. Robb, Rev. Winfrey and Rev. Nichols each made cheering speeches to the large audience present, which was said to be a very enthusiastic one. They said if Nodaway county goes wet it won't be the fault of the workers at Graham.

Attended Graduation.

Mrs. Elias Wood of Rosendale and Mrs. Elizabeth French and Miss Myrtle Wade of Bolckow returned to their homes Saturday evening, accompanied by Mrs. Wood's daughter, Miss Elta Wood, who was a member of the mid-winter graduating class at the high school commencement Friday night. The Bolckow visitors came to attend the commencement. Miss Wood expects to attend the State Normal.

Diphtheria at Arkoe.

Dr. C. T. Bell, county health officer, has been called to Arkoe to investigate a case of diphtheria, which is reported in the family of W. W. Walden, who lives about four miles southeast of that place.

Mrs. J. F. Gray and Mrs. Perry H. Stewart of Hopkins came to Maryville Friday evening to visit Mr. Gray, who is a patient at St. Francis hospital.

10 MEMBERS ADDED

REVIVAL AT CHRISTIAN CHURCH PROVING SUCCESSFUL.

WILL CONTINUE ALL WEEK

Minister Preached Eloquent Sermon to Large Congregation Sunday Night on "Mother."

The auditorium and gallery were filled to overflowing at the First Christian church Sunday night to hear the pastor, Rev. Claude Miller in his sermon on "Mother."

The music throughout the service was appropriate to the subject. Director H. J. Becker of the choir sang "Mother o' Mine" before the sermon, and during the invitation Miss Litta Roclofson sang "Mother Knows."

Ten new members were received upon confession of faith during the day, three at the Sunday school service, one after the morning sermon and six in the evening.

The services will continue every night this week. The subject for the Monday night sermon will be "Prepare to Meet Thy God."

The theme of Rev. Miller's Sunday morning discourse was "A Precious Invitation." The Scripture lesson was from the 3rd chapter of Ezekiel and the 4th chapter of Matthew. Text, Matthew 4:19—"And he said unto them, follow me and I will make you fishers of men." He pleaded with Christians to keep self in the background, that they might win souls for Christ. The fisherman who permits his shadow to fall upon the water and rattles his tackle will catch but few fish. But the man who casts his bait quietly is the successful fisherman. This rule is applicable to fishers of men.

Miss Ola Smith was the soloist, singing "The Judgment," by Gabriel.

A synopsis of Rev. Miller's sermon on "Mother" at the Sunday night meeting will be appreciated, we believe. His text is found in II Tim. 1:5—"Having been reminded of the unfeigned faith that is in thee; which dwelt first in thy grandmother Lois, and thy mother Eunice; and, I am persuaded, in thee also." Rev. Miller said in part:

"Men of foreign birth and training could not enter sympathetically with us into a Fourth of July service, or celebrate Washington's birthday. But in a service of this kind, in honor of mother, we turn our back on race prejudice, step over party lines and forget denominational differences. 'Why wait for Mother's day? Why have only one day in the year in honor of mother? Why not honor her every day? We are such an ungrateful race. We are like the ten lepers, only one returned to thank the Master.

"1. Mother's name—This suggestive of strength, not of weakness. The man who cannot preach of mother is certainly cold and heartless. Some men are so hard hearted; they could go to their angel mother's grave, with a microscope under one arm and a text book under the other, pluck the flowers growing over her head, and sitting on her tombstone pursue the study of botany.

"The Bible speaks in no uncertain terms of the sacred name of mother—see Deut. 21:18-21; Prov. 15:20; Prov. 30:17, 31:1; Eph. 6:2.

"You may not be able to give your children a college education; but you can give them a Christian home. They will rise up to call you blessed and honor your name.

"2. Mother's hands—Yes, they are beautiful, although rough and calloused. Every line speaks of toil and sacrifice. All are marks of service to lend happiness to some other soul.

"Napoleon was asked: 'What is the greatest need of France?' He answered: 'True mothers.' Had his wish been granted France would be one of the leading powers.

"My mother's own hands, her beautiful hands, that guided me over life's sands.

"I will praise God's name for the memory of mother's own beautiful hands.

"3. Mother's influence—It is strange that our mothers, the molders of the universe should receive so little credit, and are seldom mentioned among world leaders. They are the background in the picture of every great life. This the true artist will not overlook.

"When Garfield took the oath as president of the United States he kissed the Bible, which he held in one arm, and his mother, whom he clasped in the other.

"4. Mother's prayers—A mother's face is the first temple toward which a child lifts its worshiping hands. A

mother's knee is the first shrine at which it bows in prayer. God pity the mother who never taught her child to pray.

"5. Mother's love—mother's love lasts when the wife has divorced a man; when his friends shun him; when society hates him, mother's love lasts; she never forgets.

Hawkes. The opera house and all places of public gatherings are also ordered closed. Dr. Kessler is in charge of the local situation there, and he reported another new case Sunday just on the edge of town. There are now five cases in and near Ravenwood under quarantine. There are three cases in the town.

AGAINST INCREASE

LOCAL M. W. A. CAMP OPPOSES CHANGE IN RATES.

B. R. MARTIN A DELEGATE

800 Delegates in Chicago Will Decide as to Increasing Rates in Big Fraternal Organization.

B. Raleigh Martin of St. Joseph, who was a delegate from the local camp of the Modern Woodmen, will attend the head camp of the order at its meeting Tuesday at Chicago, where 800 delegates will discuss and determine the question of raising the rates on insurance in the order. Sixteen states have recently passed laws affecting fraternal insurance organizations and the Modern Woodmen, as the largest of these, and with rates lower than a great many of them, and calling only eleven assessments per year, is perhaps more vitally affected than any of the others. To comply with the new laws it is said their rates will have to be nearly doubled. The local camp has voted against the raising of the rates, but is in favor of calling twelve assessments per year. Andy Hawkins, the clerk of the local camp, says the order has a surplus of several millions, and the local membership cannot see any use in piling up a larger surplus. The Modern Woodmen are said to have \$1,800,000,000 of outstanding insurance, and they collect annually from assessments \$15,000,000.

Woodmen call attention to the present table of rates, which shows that men of entry age of 20 pay 50 cents per month, and such being collected on current cost basis, such members would have to live 166 2-3 years in order to pay out. Last year but 12 per cent of the membership was of ages over 50 years, yet one-third of the death rate of the year obtained from this 12 per cent of membership. Mortuary tables show that of men who attain majority 75 per cent die between the ages of 50 and 75 years. About 30,000 members per year of the Woodmen are now passing up into this period of age, which is denominated as life insurance parlance the "death valley of mankind."

The resolutions adopted at the Buffalo meeting of the Modern Woodmen, last June, calling for the adjourned session, recites that an imperative necessity existed for a raise of four rates. The delegates are expected, therefore, to vote for the new rates. A recent bulletin issued by the rating committee indicates that in its report will be options for term rates ending at 50, 60 and 70 years of age, which will carry low cost.

RETURNED WITH PRISONER.

Sheriff Tilson Comes Back With Irvin Schroyer From Wisconsin.

Sheriff Tilson returned Monday morning from Balsam Lake, Wis., where he went after Irvin Schroyer, wanted on a statutory charge preferred by a Burlington Junction girl. He brought Schroyer back with him, leaving Balsam Lake at 12 o'clock Saturday, and having been on the road all the time until he arrived in Maryville, Monday morning. Mr. Tilson says it was much colder there than here, the thermometer registering 48 below zero during our late cold spell, and it was down to 28 below last Friday.

SCHOOL GETS COAL.

Situation Relieved at the Central High School by Arrival of Coal.

Central high school pupils came near having a holiday this week, as the fuel supply was exhausted last week. However, a car of coal was received and delivered to the school building Monday morning and the coal famine seems effectually broken.

Mr. Hyslop Had Hard Fall.

As Captain Charles Hyslop was on his way to Sunday school at the First Baptist church Sunday morning, he slipped and fell on the ice on South Market street, near the Clarinda produce house, and sprained his back severely, and had to be taken to his home. He was able to be about the house Monday, but will not be at his office for a few days. The thaw of Sunday and Monday has made walking very dangerous.

IN THE FAMILY.

Missouri Democrats are to be congratulated upon the assurances plainly given by Governor Folk and Speaker Clark that the rivalry between them for the presidential nomination will cease at Joplin on the 20th of February.

The Republic asked the question which resulted in these expressions with the purpose only of bringing the controversy to an end as soon as possible, and in a manner that would be honorable to all concerned. In saying that it is highly pleased with the result it believes that it also voices the sentiments of all Missouri Democrats.

No state can have two candidates for the presidency at the same time, no matter what their merits may be, and entertain any hope of nominating either of them. They must inevitably defeat each other. In political management a quarrel of any kind in a state or a section is usually regarded as a sufficient excuse for ignoring it altogether.

The man who now gains the Missouri delegation to the Baltimore convention wins an honor that is worth a great deal. He will not only have the loyal support of Missouri Democrats generally, but among his champions will appear his late rival. There is no other way in which a party organization can be maintained and by no other means can party preferences and endorsements carry any weight.

It seems to us also that the obligations which Messrs. Clark and Folk have now assumed toward each other should soften in some degree the asperities of their supporters. When a contest is to be settled in the family, so to speak, it is a good idea to keep a civil tongue in one's head and to inflict no wounds that will be lasting.

We can see no good reason why the personal and other issues involved in the Missouri presidential controversy cannot be discussed, considered and finally settled in good temper and without resorting to methods that are certain to help no one but the opposition.

A political organization that hopes to win victories and to control government should never be a one-man party until its conventions have spoken. If it cannot then unite upon the choice of the majority it must fall utterly as a political agency.—Republic.

Cupid on Leave of Absence.

Much concern is felt at the recorder's office over the tricks Dan Cupid is now playing. Leap year seems not to be a success as far as Nodaway license having been issued in the last county is concerned, not a marriage six days.

WAS MADE FOOTBALL SAINT

Englishman, in 1520, Becomes a Martyr for the Strenuous Gridiron Game.

Footballers may be interested in the following piece of folklore about the game. Although it is not generally known, football has a patron saint. In 1520 a boy named Hugh, who was one of the champions of his day, had the misfortune to kick a ball through the window of a Jew's house. Whether the ball struck the man or any member of his family is not known, but certain it is he was very much incensed about the affair. Determined on revenge, he enticed the unsuspecting Hugh into his home and plunged a knife in the youth's back. The English people were very much cut up about the loss of their champion, albeit not as much so as was Hugh. They severely punished his slayer, made the young football player a saint and gave him a big and expensive funeral. They even wrote verses, bad verses but still verses, describing the virtues of "sweet Sir Hugh" and his prowess as a football player.

Football was forbidden in Elizabeth's reign under pain of imprisonment, the reason being the extreme brutality of the game, we are told. And James I. debarred "all rough and violent exercises like football" from his court. In spite, however, of the prohibition against the game, the London apprentices often kicked a football about the streets to keep themselves warm in winter, and it is on record that in the severe frost of 1665 the London streets were "full of footballs."—Tit-Bits.

A Flat-Footed People.

Sir Alfred Moseley, the English educator, who says that few English schoolboys are flat-footed, is surprised by the statement made by Associate Superintendent Stevens, of this city's schools, that arched upper surfaces are lacking to the feet of one-third of their male pupils. Perhaps a greater percentage of the girls are likewise defective. The malformation affects the spine, throwing the body into incorrect postures. Is it characteristic of the whole people?

The physiologists tell us that a high-arched foot can only be naturally developed and kept by exercise in walking. The English people are great walkers. Their climate, not subject to violent changes, and their cloudy protection from the sun's warm rays, encourage exercise out of doors. A young Englishman thinks nothing of a morning walk of ten or twelve miles. That would be a task for her American sister, and the men in this country would consider the custom a sheer waste of time. Special exercises and artificial helps are needed if their feet are to be kept in condition. The practice of rising on the toes for a few minutes each morning, the body's weight bearing toward the outer edges of the soles, is recommended by the orthopedists both as a cure and as a preventive of flatfootedness.—New York Times.

The National Tree of China.

The tung, or wood oil tree, is worthily named the national tree of China. It is stately in appearance, with smooth green bark and wide-spreading branches, affording a fine shade. It bears a fruit resembling a shellbark hickory nut, but as large as a small orange. Each nut contains three triangular seeds similar to small Brazil nuts. The oil is pressed from these seeds and the refuse is used as a fertilizer. The oil is used principally for polishing woodwork and dressing leather. Considerable quantities are exported.

The wood of the tung tree is used for making musical instruments, fine boxes and the framework of small houses. It is believed that this tree might flourish in warmer parts of the United States.—Scientific American.

SIGNED BY EVERY MEMBER

Constitution Book of Tammany Society, 122 Years Old, Is Great Autograph Album.

In the possession of the Tammany Society, or Columbian Order, to give the full title of the organization, is a book now 122 years old. The autograph of every person who has joined the society since it was founded on May 13, 1789, can be found in this book, which is probably the largest collection of autographs in this city.

It is called the Constitution Book, because on its first pages, written out in faded ink, is the constitution drawn up by William Mooney, the founder of the society and its first grand sashem, at the original meeting held at Barden's old tavern in lower Broadway. It was ordered by Mooney at that meeting that every member upon joining should repeat this constitution and then affix his name to it. The constitution contains among other things the pledge that the person signing shall sustain the state institutions and resist a consolidation of power in the central government.

The first signature on the long list which follows the constitution in the old book is that of Mooney. Originally the book was a small volume, but in the century and a quarter that has passed new pages have been added until now it is a book of over 600 pages. The original covers have been kept, and the first part of the book is made up of pages now yellow with age and upon which the ink is fast fading.

The autographs of many famous men follow that of William Mooney on these pages. At the annual meeting on the society's anniversary, the book is taken out, and it plays a part in the ceremonies, particularly if new members are to be admitted to the society, which in a way is kept separate and distinct from the political organization.

Of the early records of the Tammany Society the Constitution Book alone survives, the others having been destroyed in the several fires which have visited the wigwam. The Constitution Book is now kept in a fire-proof safe and is only taken out on special occasions.

Wouldn't Stand for It.

Senator Crawford, says the New York World, can make more noise during the delivery of a speech than any other man in public life. He will walk to and fro, banging the desks until the screws come out and tossing forth his voice until it can be heard a mile away.

One of Senator Penrose's economical constituents heard the rumpus on the floor below and inquired what was transpiring.

"Oh, Mr. Crawford is taking a little exercise," answered Mr. Penrose. "Don't worry about it. The government is paying for it, and there will be no extra expense."

Vice President Sherman was holding his hands over his ears and looking at Mr. Crawford in amazement, when Secretary Bennett slowly and solemnly climbed up the steps to his desk and said:

"The boys up in the press gallery complain that they are unable to hear Mr. Crawford distinctly. They request that you ask him to speak a little louder."

"Tell the boys in the press gallery to go to thunder," yelled Mr. Sherman, pulling his mouth down at the corners.

Night Life of Berlin.

Berlin, the city which never sleeps, has long since outdistanced all its European rivals as a city of night life. In addition to its all-night cafes, day-break restaurants, and theaters which only open their doors at midnight, Berlin has now a magnificent bathing establishment which is open every hour in the 24. The newly-built "Admirals-Bad" in the Friedrichstrasse, which has recently been opened, is one of the finest bathing establishments in all Germany. Its swimming baths, both women's and men's, are resplendent in the finest majolica marble and beveled glass, while the Roman and Turkish baths are more than Oriental in their luxury. A small army of masseurs and attendants is constantly on duty, and the great doors of the establishment are never closed. Attached to the baths is a large and up-to-date restaurant, where Berlin night revellers, after enjoying a swim at three o'clock in the morning, may be seen eating an early breakfast in their bathing dress.

Wasn't Quite Sure.

At about 1:30 the other morning there came a furious ringing at the door bell of a quiet house on East Seventeenth street. After a few minutes had elapsed a head was thrust out of the second-story window and the following conversation ensued:

"What do you want?"
"Is this where Mr. Tawker lives?"
"I am he."

"Did you deliver an address on 'Heroes of History' at the C. E. convention this evening?"

"I did."
"You spoke of a man who had done beautiful deeds for humanity. His name was Philip Moore. Was he a Catholic or a Protestant?"
"He was a Protestant. But what do you—"

"Thank you, thank you, that's all I want. I'm the shorthand reporter that took down your speech, and I couldn't tell from my notes whether this hero entered the ministry or a monastery. Much obliged for setting me right. Good night!"—Cleveland Plain Dealer.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We can not too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. CHURCH OPENED WITH A FIGHT

Contractor Assaults Methodist Pastor at Muskogee.

CLAIMED \$5,000 DUE ON WORK

Dedication Service Conducted by Preacher, After Being Knocked Down Four Times, Under Police Guard.

Muskogee, Ok., Jan. 22.—With both eyes blackened and swollen, his lip cut, his clothing disarranged and a policeman guarding the pulpit, the Rev. D. Roland Smith preached the dedicatory sermon at the First Methodist church here. A two-weeks' legal contest culminated in an assault upon the minister on the way to church.

An attempt was made to dedicate the church last Sunday morning. Elaborate arrangements had been made, including a costly musical program, for this is the newest one of the most expensive churches in the city. When the congregation gathered they found the church doors barred. Nailed to the door was a court order prohibiting the congregation and pastor from entering the church. It had been obtained by C. F. McKee, the contractor who built the church. He alleged there was \$5,000 yet due on the church for which satisfactory arrangements for payment had not been made.

His Lawyer Failed Him. In court Saturday McKee's attorney, over McKee's protest, asked that the injunction against the minister and his flock be dismissed. The court ordered McKee to turn over the keys of the church to the trustees. McKee defied the court. Upon complaint from the trustees that McKee had not delivered the keys, he was arrested for contempt of court. He drove to jail in his motor car, and there he was stripped of his diamonds and registered and measured. After three hours the keys to the church were delivered to the trustees by a friend of McKee and the latter was released.

The dedicatory church services were again advertised to take place. While the Rev. Mr. Smith was on his way to the church McKee's motor car pulled up at the curb. McKee, Arthur Snodgrass, McKee's secretary, and another man jumped out.

Knocked Down Four Times. A few words passed and Snodgrass struck the minister in the face and he dropped to the sidewalk.

Smith arose and was knocked down again. That occurred four times, and Smith was severely beaten before he escaped. He fled at once to his church where the congregation was waiting.

McKee and Snodgrass were arrested. A policeman guarded the pulpit while the minister preached. The personal appearance of the minister demanded an explanation and in a few words, before he began his sermon, he stated to his congregation what had occurred.

EXPECT TROUBLE IN IRELAND

Coming Home Rule Meetings at Belfast Likely to be Marked by Bloody Outbreak.

London, Jan. 22.—Admitting for the first time that the home rule meetings scheduled for Belfast, Ireland, February 8 will in all probability be the signal for one of the bloodiest outbreaks in the history of Ireland, the government is planning elaborate precautions for protecting the speakers.

The Irish constabulary at Belfast has been secretly re-enforced from northern Ireland but the chief secretary for Ireland, Mr. Birrell, has received information from Belfast authorities that all of the policemen in Erin could hardly hope to cope with the Ulsterites if they persist in their determination to break up the meeting.

Regardless of the gravity of the situation, government officials announced that the meeting will be held. It was learned that the government is considering the advisability of throwing so many troops to Belfast that they will overawe the Ulsterites. Reports from Northern Ireland indicate that the anti-home rule feeling is growing, and it is likely that 200,000 Unionists will go to Belfast February 8 from adjoining towns.

Meningitis Under Control.

Austin, Tex., Jan. 22.—The killing of George Lock, a cattle man at Buda, Tex., because he disregarded quarantine regulations prompted by the epidemic of meningitis, probably will result in the immediate raising of the rigid quarantine. The state health officer said "shotgun quarantines" have not been warranted, and will issue a statement saying that rigid quarantine is unnecessary.

Chinch Bugs Survived Cold.

Arkansas City, Kan., Jan. 22.—The cold weather didn't kill chinch bugs in this section of the state, even though the thermometer went to 10 and 12 degrees below zero. W. B. Syfer of Bolton township brought in a small box of chaff and dust from an ear of corn that has laid all winter in the field and the dust contained half a dozen live chinch bugs.

DEATH RESULT OF BLACK HAND FEUD

Headless Body Found in St. Louis Ash Pit Identified.

WAS WITNESS IN MURDER TRIAL

Life Had Been Threatened if He Testified at Trial Which Was About to Open—Identity Established by Clothing.

St. Louis, Jan. 22.—The headless body found in an ash pit was that of Salvatore Leoni and that he was murdered to prevent him from testifying for Tony Sansone, who will be tried for the alleged killing of Joseph Camarata in September, 1910 has been established by detectives.

The identification of the dead man was the result of a report made to the police to the effect that Leoni had not been seen since Thursday. The report was made by Sansone, who had brought Leoni to St. Louis from Kansas City to testify in his behalf. Sansone said he feared his witness had been killed.

Clothing Is Found.

A search of the rooms which Sansone occupied revealed clothing by means of which the dead man's identity was established.

The room in which Leoni lived showed no trace of a struggle, nor were any blood stains to be seen. The rooms were turned over to Leoni by Tony Sansone, Sr., who owns the property, for occupancy while he was waiting for the son's trial to be called.

Leoni arrived in St. Louis from Kansas City Thursday. Owing to the threats that had been made on his life in the event that he testified in the trial, Sansone had sent him to Kansas City for safety. A week ago Sansone wrote him and asked him to come here, as the case was due to be called Monday.

Arrived Too Soon.

It was not intended by Sansone that the man should come until the day of the trial, and when he arrived Thursday Sansone urged him to go back to Kansas City and return Monday. Leoni declined, Thursday evening Sansone went to the rooms, but the door was locked and he got no response to his knocks. He returned to the rooms Friday with the same results. When he went back later and still found the door locked he reported the matter to the detectives.

On September 12, 1910, Tony Sansone, Jr., 18 years old, is said to have cut Joseph Camarata in the neck. Camarata died soon afterward. Leoni was called as Sansone's "star witness."

Immediately after other Italians learned Leoni was to testify he began to receive threatening letters. About two months ago, the police say, he was told that if he did not leave before Sansone's trial he would be killed.

OPENED RAILROAD THROUGH SEA

Completion of Remarkable Engineering Feat Marked by Celebration Attended by Many Notables.

Miami, Fla., Jan. 22.—The completion of one of the greatest engineering feats of the present age was celebrated today, when the first great railroad over the sea, the Key West extension of the Florida East Coast railway was formally opened. By using the Florida Keys as stepping stones, this steel highway runs over 156 miles of salt water, from a point a few miles south of Miami to the island city of Key West.

A special train bearing American and foreign notables was sent over the remarkable construction today as the feature of the exercises formally commemorating the putting into service of the extension. Many of the foreign embassies and legations had sent representatives to take part in the celebration, at the invitation of President Taft, among them Italy, Mexico, Portugal, Costa Rica, the Dominican Republic, Ecuador, Guatemala, Salvador and Uruguay.

The United States armored cruisers Washington and North Carolina and the scout cruisers Salem and Birmingham, representing the United States navy, and the Portuguese cruiser Aramada participated in the celebration.

COMMISSION MEN TO LOSE

STOCKMEN TO HANDLE THEIR OWN SHIPMENTS.

Stock Exchange Raised Commissions and Missourians Organize Co-Operative Concern.

Mexico, Mo., Jan. 22.—At a meeting of live stock shippers and producers of 11 counties in this section of Missouri, held at Centralia, preliminary steps for the organization of the Missouri Live Stock Shippers' association and a co-operative commission firm to handle the consignments of the members of the association at National Stock Yards, Ill., were taken. The shippers purpose to capitalize with \$100,000 or more if necessary, and every member of the association will ship his live stock to the association's concern.

The action of the Missouri shippers is the outcome of their determination to resent the action of the National Live Stock exchange in raising the commission charges recently.

The meeting was presided over by Judge Z. L. Chilton of Renick, Chester C. Starr of Centralia was secretary. James H. Starr was treasurer. A committee to draft by-laws for the live stock association and to form a co-operative commission company was appointed and consists of one member from each of the 11 counties represented.

J. D. Taylor, an attorney of Keytesville, was elected legal counsel for the association and will advise the committee as to proper procedure for forming the association and the co-operative concern.

The committee will meet at Moberly February 10 and will report to the members of the association at a general meeting of the live stock shippers and producers of the counties named, which will be held in Mexico, February 17.

Judging from the sentiment of the shippers expressed at the meeting in Centralia the \$100,000 capital stock will be taken up in a rush. Many of the wealthiest stockmen of Missouri ordered their checks in advance in payment for stock.

DUST EXPLOSION KILLED MINERS

Five Dead and Eighteen Injured at Kemmerer, Wyo.

MINE RESCUE CREW SAVES MANY

Fans Remain in Operation Removing Danger From After Damp—112 Others in Mine Accounted For.

Kemmerer, Wyo., Jan. 22.—The cause of the dust explosion in mine No. 4 of the Kemmerer Coal company, which resulted in the death of five men and the injury of 18 others, has not yet been determined. The explosion itself caused all the deaths. None was overcome by gas.

The dead, James Smith, James Hansen, James Ward, Peter Landon and Thomas Dixon, were all Americans. Nine of the more seriously injured were removed to a hospital at Rock Springs, Wyo.

The explosion occurred in what is known as the "second north entry," 100 feet from the main slope and 1,000 feet from the surface. The force of the explosion was confined closely and only those working in the immediate vicinity of the explosion were injured. Miners in other portions of the mine made their way to the surface uninjured. The fans remained in operation and the after damp soon was cleared from the entries.

As soon as the alarm was given, rescue crews were summoned from the other mines of the Kemmerer Coal company, and the United States mine rescue car stationed at Diamondville, several miles away, was rushed to the scene.

Led by helmet men from the rescue car, volunteers made their way with comparatively little difficulty to the entry and began the immediate removal of the injured. A thorough search of all the workings of the mine was made and all of the 112 men in the mine when the explosion took place are accounted for.

RARE DISEASE KILLING WOMAN

Flesh on Hands and Arms Turning Black and Hard as Ebony, Immovable and Numb.

Elgin, Ill., Jan. 22.—A disease never before recorded in this vicinity has attacked Mrs. Abel Hare, 45 years old, and is slowly causing her death. It is known as Raynaud's disease.

It is turning the flesh on her hands and arms into a black substance, hard, immovable, and without feeling. The disease has spread from the fingers to the elbow in a week, and the hands resemble ebony in appearance. Physicians say it results from contraction of the coverings of the blood vessels.

Disobeyed and Died.

Mexico, Mo., Jan. 22.—After he had been refused permission to go hunting, and was under campus confines, Perry Hazelton, 12 years old, of St. Louis, a cadet in the Missouri Military academy here, escaped the vigilance of Col. W. E. Mould, commandant, and, after joining his fellows, was accidentally shot and killed.

For an Ear of Corn, \$25.

Webster City, Ia., Jan. 22.—The highest price ever paid for corn in Iowa was paid here at the auction following the Hamilton county corn show and short course in agriculture. The prize ear brought \$25, the prize bushel \$100 and a prize 10-ear exhibit went for \$30.

Stole Butter in New York.

New York, Jan. 22.—Butter has become so valuable at 60 cents a pound retail that the police were notified that \$1,000 worth of it had been stolen from a truck in front of a downtown store.

VERIFY IT.

The Proof is in Maryville, Almost at Your Door.

The public statement of a Maryville citizen is in itself strong proof for Maryville people, but confirmation strengthens the evidence.

Here is a Maryville citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

Mrs. Mary Wood, 722 East Jenkins street, Maryville, Mo., says: "The public statements given by a member of our family on several occasions in favor of Doan's Kidney Pills was correct in every respect. We have Doan's Kidney Pills on hand all the time and use them whenever we find it necessary. We procured Doan's Kidney Pills at Perry's drug store (now Love's drug store), and they brought great relief from kidney complaint."

Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hacking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it. Where a spray is needed, ask for Ely's (Liquid) Cream Balm.

ROCK ISLAND REFUSES SERVICE.

Brings Suit to Prevent Enforcement of Law Requiring Stops in Kansas City, Kan.

Topeka, Jan. 22.—The Chicago, Rock Island & Pacific Railroad company does not propose to stop its trains in Kansas City, Kan. The company brought a suit in the federal court here to prevent John Dawson, attorney general, and James Meek, county attorney of Wyandotte county, from enforcing the law that requires the stops. The suit also is to restrain all efforts to collect \$50 a day penalty for failure to stop the trains.

The bill of complaint shows that the Rock Island has no railroad from Kansas City to Topeka, but merely has trackage rights over the Union Pacific under a 99-year lease. The lease does not give the Rock Island any right to do a local business between Topeka and Kansas City, Kan.

Liberal in Name Only.

Liberal, Kan., Jan. 22.—Complaints have been made for some time that there were many bootleggers in Liberal. Upon urgent demand of a number of residents, the attorney general appointed V. H. Grinstead, assistant attorney general for Seward county. Judge Grinstead went to work at once, raids were made and six bootleggers landed in the county jail and a quantity of intoxicating liquor was seized.

Miss Graham's Heroics

By Carl Jenkins

"It's the bay of a blood-hound!" almost screamed Myra Graham as she came running around the corner of the house to where her father sat reading on the veranda.

"Yes, it sounds like it," was the indifferent reply.

"But it's a blood-hound after a prisoner who has escaped from the chain-gang!"

"Very likely."

"And the poor fellow will be recaptured and terribly punished! Father, father, why don't you do something? If you don't, I will!"

"Daughter, come up here and take a seat. Now, then, ever since those convicts from the state camp have been working on the big ditch you have been all upset. You have been full of pity for what you call the 'poor, innocent men,' and you've been heard to hope that all of them might escape. You are wasting your sympathies. They deserve no pity. They are a wicked lot, and you don't want to carry this bad too far."

"Some may be wicked and deserve their punishment," admitted the girl with moisture in her eyes, "but not all. When I have been out in my electric I have seen—"

"Oh, you have been looking the gang over to find a martyr and a hero, have you?"

"Father, there is one man who can't possibly be guilty of any crime. He is born a gentleman. He has been educated. There are no hard lines in his face. No one can make me believe he is guilty."

"But he was tried by a jury and sent there by a judge."

"Then they made an awful mistake."

"Well, don't you make another. Better take some other road when you ride out. I shouldn't think it would be a pleasant sight for a young lady to pass a chain-gang."

There was one man in the chain-gang whose face almost haunted Myra Graham. He was what she had described to her father. This one convict stood out above all the others. Even the guards with their rifles who hovered about seemed to pay him deference. He had straightened up and looked square into the girl's eyes three different times as she passed, and she had read shame, humility, appeal in the look. Her sympathies had been touched. She had almost decided to appeal to her father to make an investigation and seek to secure a pardon. She had heard of dozens of cases where men had been wrongfully convicted, and this was surely another instance.

Miss Graham and Mr. Lee Benedict were not actually engaged, but as Aunt Linda, the colored cook of the Graham household put it: "Day's shore gittin' mighty clus to it!"

Mr. Bennett was a frequent caller, and was welcomed by all. It was unfortunate that he should appear on the afternoon of the blood-hound's bay. He not only did, but he brought news of the escape and recapture of a prisoner. He also had words of praise for the dog. He had received no hint of the feelings of Miss Myra in the matter, and he even spoke of her hero to call him a desperado of the worse type, and to add that any one had but to glance at him to realize the fact.

"I have glanced at him, and I beg your pardon," was the stiff reply.

"Why, the gang is distributed for half a mile along the highway."

"I am aware of the fact."

"And a young lady riding out alone—"

"Has encountered nothing to offend, Mr. Bennett."

"But the hero you particularly mentioned—"

"Let us not discuss the case further."

There was a difference—a misunderstanding—almost a rupture. Mr. Bennett rode away in a perplexed mood, and Miss Myra looked after him and said to herself that it was such men as he, acting as jurors, who sent innocent men to the chain-gangs as carelessly as they shot quail.

Her father had suggested that she take some other road when riding about, and she would heed the suggestion, but she found herself more in earnest about the gentlemanly convict that she cared to be. She was almost startled to find herself wondering if she could not aid him to escape.

For three days Miss Myra did not ride out at all. Then the runabout traversed another road. The return might be made by the turnpike, on the side of which the convicts were working. She would decide that point later on. At five miles from home the vehicle stopped that its owner might gather a bouquet of roses. She was culling here and there, and no one was in sight up or down the road as far as she could see, when the baying of a blood-hound again reached her ears.

That bay meant that another convict had made a break for liberty. Was it the gentlemanly convict this time? There was a fervent wish that it was, and that he would succeed in making his escape. The baying was faint at first, but it came nearer and nearer. Now and then there was a silence, showing that the hound had lost the trail, but he always picked it up again and came on. The girl stood facing the dense forest on her right, and was soon trembling. The fugitive must be coming her way.

Crashing sounds under the trees, and

then a man—a convict—her hero—broke cover not thirty feet away. As he sprang across the highway he caught sight of the girl and the vehicle and turned and came towards them.

"Are you escaping? Is the hound after you?" cried Miss Myra.

"Yes, yes—he's after me!"

"Then jump in here, quick!"

She acted on impulse. Not a moment was given to thought. She was away with the fugitive three minutes before the hound broke cover and lost the trail at the highway and set up a howl of disappointment. The runabout was pushed to its highest speed.

Not a word between the girl and the man. He was breathing hard from his run and looking back, and she was looking ahead and picking out the road. When over a hill and a mile away she slowed down a bit and turned to the convict to ask:

"Where do you want to go? Where will you be safe?"

"Keep going," he ordered with a growl in his throat that startled her.

"But I asked you—"

"Shut up and keep up the speed or I'll twist that pretty neck of yours!"

That from the gentlemanly convict! The girl had said there wasn't a hard line in his face. She turned to it now and saw a face that made her shudder. There was triumph, desperation, fear and craft there.

"Faster! Faster! Damn it, girl, do you want me to be overtaken! It looks like it and—"

He tore her hand from the steering gear, passed an arm around her waist, and with a heave sent her into the roadside ditch. He may have known how to run the machine, but it crashed into the fence a hundred rods ahead and he took to the woods.

Mr. Lee Bennett came riding that way. He might call at the Graham mansion or not. He would decide when he got nearer. He saw and identified the wrecked runabout. He looked around for its owner, and he saw her sitting and weeping beside the highway.

"Any broken bones?" he asked as he dismounted.

"Oh, Lee!" sobbed the girl as she looked up.

"There are three horsemen and a bloodhound coming down the road. They must be in chase of a runaway convict. Of course neither of us has seen him."

"I was so—so—foolish!"

"And there comes old Doctor Taylor in his buggy, and I'm sure he'll give you a lift home."

CROUP ENDS LIFE.

Many Children Die of Croup Every Year Before a Doctor Can Be Summoned.

Parents of children should be prepared at all times for a spasm of croup.

Keep in the house a remedy that will give instant relief and keep the child from choking until the arrival of the physician.

Get a 50-cent bottle of Hyomei today and in case of an attack of croup pour 20 drops into a kitchen bowl of boiling water. Hold the child's head over the bowl so that it can breathe the soothing, penetrating vapor that arises. In the meantime send for a physician.

This treatment has saved the lives of many children and is a precaution that all parents should promptly take.

Hyomei is sold by the Oscar-Henry Drug company and druggists everywhere, and is guaranteed for croup, catarrh, asthma and bronchitis.

DON'T HAVE GRAY HAIR.

A Few Applications of Simple Remedy Restores the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

TEACHERS MADE 50

ST. JOSEPH CENTRALS WERE EASY FOR NORMAL FIVE.

VISITORS NEVER IN IT

The Game Was Never in Doubt After First Five Minutes of Play—Locals Go to St. Joseph Feb. 2.

St. Joseph Central high school's basket ball team proved to be no match for the State Normal five in the contest which took place at the Normal gymnasium Saturday night. The result of the game was never in doubt after the first five minutes, for the Normals took the lead and continued to increase it throughout the game. Although the teachers scored a total of 56 points they did not put up nearly as good a game as they are capable of. The first ten minutes of the initial period was a free-for-all under the Normal's goal, in which time the Normal goal throwers took dozens of shots which availed them nothing. Both teams played like it was their first appearance in a game this season, and fumbled the ball repeatedly. But in the latter part of the first half and the entire second half both teams played a better brand of ball, particularly the Normals. The score at the end of the first period was in the Normals' favor 27 to 4.

Coach Cassidy substituted Ruhloff for Lange in the second half and he had more success in guarding Vandersloot, the Normal's fast forward. However, Van got eight goals and played team work to perfection. Mitchell also showed up well, the lanky left forward dropping in eight goals, several of which were from difficult angles. The entire Normal team played an excellent defensive game, as is evident from the fact that their opponents secured but three field goals.

Near the close of the game Coach Moore sent in Nixon, Gault and McGrew to replace Perrin, Taylor and V. Seymour.

The locals will play a return game with Central on February 2, at St. Joseph, and the following night they play Benton high school at South St. Joseph. Benton defeated the Normal twice last season and the locals are expecting to square accounts. The line-up:

St. Joseph—Modder and Toole, forwards; Johnson, center; Liberman (captain) and Lange, Ruhloff, guards.

Normal—Vandersloot and Mitchell, forwards; Perrin (captain), Nixon, center; V. Seymour, McGrew and Taylor, Gault, guards.

Summary—Field goals, Vandersloot 8, Mitchell 8, Perrin 6, Taylor, Modder, Toole, Johnson. Free throws, Vandersloot 2, Perrin 2, Modder 3, Liberman 2.

Referee—Cassidy, St. Joseph Central. Umpire, Moore, Normal.

THREE SUITS FILED.

Litigants Who Got in Late Saturday, the Last Day for Filing.

Cook, Cummins & Dawson filed a damage suit Saturday afternoon for the Conception Lumber company against George W. Crossan, alleging that he had agreed to sell and they had agreed to buy lot 1, block 2, Wilcox, for the sum of \$399; that they had paid him the money and kept their part of the agreement, and that he refused to make a deed to the property. They ask damages for failure to perform contract.

Joseph and John Allen, by their attorney, M. E. Ford, filed a suit against J. W. Herndon et al. for \$1,603 alleged to be due them as a commission on the sale of the stock of the Maryville Mercantile company to Laura S. and Frank E. Yaley in 1910. The petition states that the stock was sold for 119 per cent of the invoice, and that the sum realized for the stock was \$32,396, of which they were to have received a commission of 5 per cent.

P. L. Growney, acting as his own attorney, filed a suit for \$1,200 against Jeremiah Vaughn, for attorney's fees alleged to be due for several years of service rendered by Mr. Growney for Mr. Vaughn.

FARM HOUSE BURNED.

Fire Destroyed the Residence of James Palmer Sunday Afternoon.

The residence of James Palmer, near Ravenwood, was destroyed by fire shortly after 1 o'clock Sunday afternoon. The house was a large, roomy structure and was worth between \$1,500 and \$2,000. In addition to the living rooms occupied by the family there was one room that was used as a store room, and it was full of materials stored there. Part of the furniture in the lower rooms was saved, but everything upstairs, including all the clothing of the family except that worn at the time, was burned. Six feather beds were burned in one room. Mr. and Mrs. Palmer have eight children, two of whom, Misses Lucy and Mabel, are students at the Normal. Mr. Palmer removed what was saved into a vacant house nearby, on the Ferguson farm. He carried insurance to the amount of \$800, but has been unable to find his policy.

AMI HUFFMAN DEAD.

Well Known Stockman of Clyde Victim of Paralysis.

The body was taken to Dallas City, Ill., for burial, accompanied by Mrs. Huffman and two of her sisters from Illinois, who had been with her for two weeks, the party leaving Monday noon.

Mr. Huffman was stricken last August with paralysis and had been confined to his bed most of the time since. He suffered another stroke in November, and the last stroke occurred about a week ago. He is survived by his wife, to whom he was married twenty-eight years ago. He was a very popular man among farmers and stockmen throughout Northwest Missouri.

MRS. JACKSON DEAD

DIED IN ROCHESTER, MINN., AT THE MAYO HOSPITAL.

OPERATED ON SATURDAY

News of Death a Great Shock to the Family Here—Remains Being Brought Back.

Mrs. Joseph Jackson, Sr., of this city, who was taken to Rochester, Minn., a week ago for treatment at the Mayo hospital, passed away at that institution this (Monday) morning at 9:35 o'clock. Mrs. Jackson underwent a surgical operation Saturday morning and rallied very well from the ordeal. Saturday evening, however, she began to weaken and gradually failed until death came.

Mrs. Jackson's son, Joseph Jackson, Jr., left for Rochester early Sunday morning, and was with his mother when she died, in company with his sisters, Mrs. J. F. Colby of this city and Mrs. Miles G. Saunders of Pueblo, Col., who accompanied her to Rochester.

Mrs. Jackson's death is a great shock to her family, as they had been very hopeful that the operation would bring relief from a long period of ill health that she had suffered. Messages were received every hour by Mr. Jackson, Sr., in this city and his daughters, Mrs. Ernest Alexander of Medicine Lodge, Kan., and Mrs. Paul Ream of Kansas City, since Sunday afternoon, which in a measure prepared them for the worst. Mr. Jackson was unable to go to Rochester with his wife, and two of his daughters remained with him and the two other daughters went with Mrs. Jackson.

The body is expected to arrive in Maryville Tuesday night or Wednesday morning, when announcement will be made for the funeral services.

Mrs. Jackson was a native of Andrew county, Missouri, where she was born, December 9, 1847. She was married to Mr. Jackson on the 23rd of April, 1866. Six children were born to them, one dying in infancy.

Mrs. Jackson was one of the most active members of the First Presbyterian church of this city until ill health compelled her to give up her work, and the news of her death will be received with deep sorrow by the many old friends of the family throughout the city and county.

ORGANIZED AT GRAHAM.

Township Organization Formed Saturday to Carry on Local Option Campaign.

A mass meeting of the temperance people was held at the Presbyterian church in Graham Saturday afternoon for the purpose of effecting a township organization. Will Gex, a member of the county committee, called the meeting to order. These officers were elected: Rev. Winfrey, president; Prof. Decker, secretary; H. Frank, treasurer. An executive committee of five members to manage the campaign and to co-operate with the county central committee, was named, consisting of Rev. Nichols, Dr. S. H. Rowlett, H. Frank, J. W. Dougherty and James Decker. It was decided to effect an organization in each of the thirteen school districts of the township and to make a vigorous and effective campaign in each of them.

After the business of the meeting was transacted Rev. Robb, Rev. Winfrey and Rev. Nichols each made cheering speeches to the large audience present, which was said to be a very enthusiastic one. They say if Nodaway county goes wet it won't be the fault of the workers at Graham.

Attended Graduation.

Mrs. Elias Wood of Rosendale and Mrs. Elizabeth French and Miss Myrtle Wade of Bolckow returned to their homes Saturday evening, accompanied by Mrs. Wood's daughter, Miss Elta Wood, who was a member of the mid-winter graduating class at the high school commencement Friday night. The Bolckow visitors came to attend the commencement. Miss Wood expects to attend the State Normal.

Diphtheria at Arkoe.

Dr. C. T. Bell, county health officer, has been called to Arkoe to investigate a case of diphtheria, which is reported in the family of W. W. Walden, who lives about four miles southeast of that place.

Mrs. J. F. Gray and Mrs. Perry H. Stewart of Hopkins came to Maryville Friday evening to visit Mr. Gray, who is a patient at St. Francis hospital.

10 MEMBERS ADDED

REVIVAL AT CHRISTIAN CHURCH PROVING SUCCESSFUL.

WILL CONTINUE ALL WEEK

Minister Preached Eloquent Sermon to Large Congregation Sunday Night on "Mother."

The auditorium and gallery were filled to overflowing at the First Christian church Sunday night to hear the pastor, Rev. Claude Miller in his sermon on "Mother."

The music throughout the service was appropriate to the subject. Director H. J. Becker of the choir sang "Mother o' Mine" before the sermon, and during the invitation Miss Lita Roodolfsen sang "Mother Knows."

Ten new members were received upon confession of faith during the day, three at the Sunday school service, one after the morning sermon and six in the evening.

The services will continue every night this week. The subject for the Monday night sermon will be "Prepare to Meet Thy God."

The theme of Rev. Miller's Sunday morning discourse was "A Precious Invitation." The Scripture lesson was from the 3rd chapter of Ezekiel and the 4th chapter of Matthew. Text, Matthew 4:19—"And he said unto them, follow me and I will make you fishers of men." He pleaded with Christians to keep self in the background, that they might win souls for Christ. The fisherman who permits his shadow to fall upon the water and rattles his tackle will catch but few fish. But the man who casts his bait quietly is the successful fisherman. This rule is applicable to fishers of men.

Miss Ola Smith was the soloist, singing "The Judgment," by Gabriel.

A synopsis of Rev. Miller's sermon on "Mother" at the Sunday night meeting will be appreciated, we believe. His text is found in 11 Tim. 1:5—"Having been reminded of the unforgotten faith that is in thee; which dwelt first in thy grandmother Lois, and thy mother Eunice; and I am persuaded, in thee also." Rev. Miller said in part:

"Men of foreign birth and training could not enter sympathetically with us into a Fourth of July service, or celebrate Washington's birthday. But in a service of this kind, in honor of mother, we turn our back on race prejudice, step over party lines and forget denominational differences.

"Why wait for Mother's day? Why have only one day in the year in honor of mother? Why not honor her every day? We are such an ungrateful race. We are like the ten lepers, only one returned to thank the Master.

"1. Mother's name—This suggestive of strength, not of weakness. The man who cannot preach of mother is certainly cold and heartless. Some men are so hard hearted, they could go to their angel mother's grave, with a microscope under one arm and a text book under the other, pluck the flowers growing over her head, and sitting on her tombstone pursue the study of botany.

"The Bible speaks in no uncertain terms of the sacred name of mother—see Deut. 21:18-21; Prov. 15:20; Prov. 30:17, 31:1; Eph. 6:2.

"You may not be able to give your children a college education; but you can give them a Christian home. They will rise up to call you blessed and honor your name.

"2. Mother's hands—Yes, they are beautiful, although rough and calloused. Every line speaks of toil and sacrifice. All are marks of service to lend happiness to some other soul.

"Napoleon was asked: 'What is the greatest need of France?' He answered: 'True mothers.' Had his wish been granted France would be one of the leading powers.

"My mother's own hands, her beautiful hands, that guided me over life's sands.

"I will praise God's name for the memory of mother's own beautiful hands.

"3. Mother's influence—It is strange that our mothers, the molders of the universe should receive so little credit, and are seldom mentioned among world leaders. They are the background in the picture of every great life. This the true artist will not overlook.

"When Garfield took the oath as president of the United States he kissed the Bible, which he held in one arm, and his mother, whom he clasped in the other.

"4. Mother's prayers—A mother's face is the first temple toward which a child lifts its worshipping hands. A

mother's knee is the first shrine at which it bows in prayer. God pity the mother who never taught her child to pray.

"5. Mother's love—mother's love lasts when the wife has divorced a man; when his friends shun him; when society hates him. mother's love lasts; she never forgets.

RAVENWOOD SCHOOL DISMISSED.

Scarlet Fever Scare Causes Health Authorities to Close School.

Hawkes. The opera house and all places of public gatherings are also ordered closed. Dr. Kessler is in charge of the local situation there, and he reported another new case Sunday just on the edge of town. There are now five cases in and near Ravenwood under quarantine. There are three cases in the town.

AGAINST INCREASE

LOCAL M. W. A. CAMP OPPOSES CHANGE IN RATES.

B. R. MARTIN A DELEGATE

800 Delegates in Chicago Will Decide as to Increasing Rates in Big Fraternal Organization.

B. Raleigh Martin of St. Joseph, who was a delegate from the local camp of the Modern Woodmen, will attend the head camp of the order at its meeting Tuesday at Chicago, where 800 delegates will discuss and determine the question of raising the rates on insurance in the order. Sixteen states have recently passed laws affecting fraternal insurance organizations and the Modern Woodmen, as the largest of these, and with rates lower than a great many of them, and calling only eleven assessments per year, is perhaps more vitally affected than any of the others. To comply with the new laws it is said their rates will have to be nearly doubled. The local camp has voted against the raising of the rates, but is in favor of calling twelve assessments per year. Andy Hawkins, the clerk of the local camp, says the order has a surplus of several millions, and the local membership cannot see any use in piling up a larger surplus. The Modern Woodmen are said to have \$1,800,000,000 of outstanding insurance, and they collect annually from assessments \$15,600,000.

Woodmen call attention to the present table of rates, which shows that men of entry age of 20 pay 50 cents per month, and such being collected on current cost basis, such members would have to live 166 2-3 years in order to pay out. Last year but 12 per cent of the membership was of ages over 50 years, yet one-third of the death rate of the year obtained from this 12 per cent of membership. Mortuary tables show that of men who attain majority 75 per cent die between the ages of 50 and 75 years. About 39,000 members per year of the Woodmen are now passing up into this period of age, which is denominated the life insurance parlance the "death valley of mankind."

The resolutions adopted at the Buffalo meeting of the Modern Woodmen, last June, calling for the adjourned session, recites that an imperative necessity existed for a raise of four rates. The delegates are expected, therefore, to vote for the new rates. A recent bulletin issued by the rating committee indicates that in its report will be options for term rates ending at 50, 60 and 70 years of age, which will carry low cost.

RETURNED WITH PRISONER.

Sheriff Tilson Comes Back With Irvin Schroyer From Wisconsin.

Sheriff Tilson returned Monday morning from Balsam Lake, Wis., where he went after Irvin Schroyer, wanted on a statutory charge preferred by a Burlington Junction girl. He brought Schroyer back with him, leaving Balsam Lake at 12 o'clock Saturday, and having been on the road all the time until he arrived in Maryville, Monday morning. Mr. Tilson says it was much colder there than here, the thermometer registering 48 below zero during our late cold spell, and it was down to 28 below last Friday.

SCHOOL GETS COAL.

Situation Relieved at the Central High School by Arrival of Car.

Mr. Hyslop Had Hard Fall.

As Captain Charles Hyslop was on his way to Sunday school at the First Baptist church Sunday morning, he slipped and fell on the ice on South Market street, near the Clarinda produce house, and sprained his back severely, and had to be taken to his home. He was able to be about the house Monday, but will not be at his office for a few days. The thaw of Sunday and Monday has made walking very dangerous.

Remedy Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Remedy Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We can not too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 50 tablets 50 cents. CHURCH OPENED
WITH A FIGHT

Contractor Assaults Methodist Pastor at Muskogee.

CLAIMED \$5,000 DUE ON WORK

Dedication Service Conducted by Preacher, After Being Knocked Down Four Times, Under Police Guard.

Muskogee, Ok., Jan. 22.—With both eyes blackened and swollen, his lip cut, his clothing disarranged and a policeman guarding the pulpit, the Rev. D. Roland Smith preached the dedicatory sermon at the First Methodist church here. A two-weeks' legal contest culminated in an assault upon the minister on the way to church.

An attempt was made to dedicate the church last Sunday morning. Elaborate arrangements had been made, including a costly musical program, for this is the newest one of the most expensive churches in the city. When the congregation gathered they found the church doors barred. Nailed to the door was a court order prohibiting the congregation and pastor from entering the church. It had been obtained by C. F. McKee, the contractor who built the church. He alleged there was \$5,000 yet due on the church for which satisfactory arrangements for payment had not been made.

His Lawyer Failed Him. In court Saturday McKee's attorney, over McKee's protest, asked that the injunction against the minister and his flock be dismissed. The court ordered McKee to turn over the keys of the church to the trustees. McKee defied the court. Upon complaint from the trustees that McKee had not delivered the keys, he was arrested for contempt of court. He drove to jail in his motor car, and there he was stripped of his diamonds and registered and measured. After three hours the keys to the church were delivered to the trustees by a friend of McKee and the latter was released.

The dedicatory church services were again advertised to take place. While the Rev. Mr. Smith was on his way to the church McKee's motor car pulled up at the curb. McKee, Arthur Snodgrass, McKee's secretary, and another man jumped out.

Knocked Down Four Times. A few words passed and Snodgrass struck the minister in the face and he dropped to the sidewalk.

Smith arose and was knocked down again. That occurred four times, and Smith was severely beaten before he escaped. He fled at once to his church where the congregation was waiting.

McKee and Snodgrass were arrested. A policeman guarded the pulpit while the minister preached. The personal appearance of the minister demanded an explanation and in a few words, before he began his sermon, he stated to his congregation what had occurred.

EXPECT TROUBLE IN IRELAND

Coming Home Rule Meetings at Belfast Likely to be Marked by Bloody Outbreak.

London, Jan. 22.—Admitting for the first time that the home rule meetings scheduled for Belfast, Ireland, February 8 will in all probability be the signal for one of the bloodiest outbreaks in the history of Ireland, the government is planning elaborate precautions for protecting the speakers. The Irish constabulary at Belfast has been secretly reinforced from northern Ireland but the chief secretary for Ireland, Mr. Birrell, has received information from Belfast authorities that all of the policemen in Erin could hardly hope to cope with the Ulsterites if they persist in their determination to break up the meeting.

Regardless of the gravity of the situation, government officials announced that the meeting will be held. It was learned that the government is considering the advisability of throwing so many troops to Belfast that they will overawe the Ulsterites. Reports from Northern Ireland indicate that the anti-home rule feeling is growing, and it is likely that 200,000 Unionists will go to Belfast February 8 from adjoining towns.

Meningitis Under Control.

Austin, Tex., Jan. 22.—The killing of George Lock, a cattle man at Buda, Tex., because he disregarded quarantine regulations prompted by the epidemic of meningitis, probably will result in the immediate raising of the rigid quarantine. The state health officer said "shotgun quarantines" have not been warranted, and will issue a statement saying that rigid quarantine is unnecessary.

Chinch Bugs Survived Cold.

Arkansas City, Kan., Jan. 22.—The cold weather didn't kill chinch bugs in this section of the state, even though the thermometer went to 10 and 12 degrees below zero. W. B. Syfer of Bolton township brought in a small box of chaff and dust from an ear of corn that has laid all winter in the field and the dust contained half a dozen live chinch bugs.

DEATH RESULT OF
BLACK HAND FEUD

Headless Body Found in St. Louis Ash Pit Identified.

WAS WITNESS IN MURDER TRIAL

Life Had Been Threatened if He Testified at Trial Which Was About to Open—Identity Established by Clothing.

St. Louis, Jan. 22.—The headless body found in an ash pit was that of Salvatore Leoni and that he was murdered to prevent him from testifying for Tony Sansone, who will be tried for the alleged killing of Joseph Camarata in September, 1910 has been established by detectives.

The identification of the dead man was the result of a report made to the police to the effect that Leoni had not been seen since Thursday. The report was made by Sansone, who had brought Leoni to St. Louis from Kansas City to testify in his behalf. Sansone said he feared his witness had been killed.

Clothing is Found. A search of the rooms which Sansone occupied revealed clothing by means of which the dead man's identity was established.

The room in which Leoni lived showed no trace of a struggle, nor were any blood stains to be seen. The rooms were turned over to Leoni by Tony Sansone, Sr., who owns the property, for occupancy while he was waiting for the son's trial to be called.

Leoni arrived in St. Louis from Kansas City Thursday. Owing to the threats that had been made on his life in the event that he testified in the trial, Sansone had sent him to Kansas City for safety. A week ago Sansone wrote him and asked him to come here, as the case was due to be called Monday.

Arrived Too Soon.

It was not intended by Sansone that the man should come until the day of the trial, and when he arrived Thursday Sansone urged him to go back to Kansas City and return Monday. Leoni declined, Thursday evening Sansone went to the rooms, but the door was locked and he got no response to his knocks. He returned to the rooms Friday with the same results. When he went back later and still found the door locked he reported the matter to the detectives.

On September 12, 1910, Tony Sansone, Jr., 18 years old, is said to have cut Joseph Camarata in the neck. Camarata died soon afterward. Leoni was called as Sansone's "star witness."

Immediately after other Italians learned Leoni was to testify he began to receive threatening letters. About two months ago, the police say, he was told that if he did not leave before Sansone's trial he would be killed.

OPENED RAILROAD THROUGH SEA

Completion of Remarkable Engineering Feat Marked by Celebration Attended by Many Notables.

Miami, Fla., Jan. 22.—The completion of one of the greatest engineering feats of the present age was celebrated today, when the first great "railroad over the sea," the Key West extension of the Florida East Coast railway was formally opened. By using the Florida Keys as stepping stones, this steel highway runs over 155 miles of salt water, from a point a few miles south of Miami to the island city of Key West.

A special train bearing American and foreign notables was sent over the remarkable construction today as the feature of the exercises formally commemorating the putting into service of the extension. Many of the foreign embassies and legations had sent representatives to take part in the celebration, at the invitation of President Taft, among them Italy, Mexico, Portugal, Costa Rica, the Dominican Republic, Ecuador, Guatemala, Salvador and Uruguay.

The United States armored cruisers Washington and North Carolina and the scout cruisers Salem and Birmingham, representing the United States navy, and the Portuguese cruiser Aramada participated in the celebration.

COMMISSION MEN TO LOSE

STOCKMEN TO HANDLE THEIR OWN SHIPMENTS.

Stock Exchange Raised Commissions and Missourians Organize Co-Operative Concern.

Mexico, Mo., Jan. 22.—At a meeting of live stock shippers and producers of 11 counties in this section of Missouri, held at Centralia, preliminary steps for the organization of the Missouri Live Stock Shippers' association and a co-operative commission firm to handle the consignments of the members of the association at National Stock Yards, Ill., were taken. The shippers purpose to capitalize with \$100,000 or more if necessary, and every member of the association will ship his live stock to the association's concern.

The action of the Missouri shippers is the outcome of their determination to resent the action of the National Live Stock exchange in raising the commission charges recently.

The meeting was presided over by Judge Z. L. Chilton of Renick, Chester C. Starr of Centralia was secretary. James H. Starr was treasurer. A committee to draft by-laws for the live stock association and to form a co-operative commission company was appointed and consists of one member from each of the 11 counties represented.

J. D. Taylor, an attorney of Keytesville, was elected legal counsel for the association and will advise the committee as to proper procedure for forming the association and the co-operative concern.

The committee will meet at Moberly February 10 and will report to the members of the association at a general meeting of the live stock shippers and producers of the counties named, which will be held in Mexico, February 17.

Judging from the sentiment of the shippers expressed at the meeting in Centralia the \$100,000 capital stock will be taken up in a rush. Many of the wealthiest stockmen of Missouri ordered their checks in advance in payment for stock.

DUST EXPLOSION
KILLED MINERS

Five Dead and Eighteen Injured at Kemmerer, Wyo.

MINE RESCUE CREW SAVES MANY

Fans Remain in Operation Removing Danger From After Damp—112 Others in Mine Accounted For.

Kemmerer, Wyo., Jan. 22.—The cause of the dust explosion in mine No. 4 of the Kemmerer Coal company, which resulted in the death of five men and the injury of 18 others, has not yet been determined. The explosion itself caused all the deaths. None was overcome by gas.

The dead, James Smith, James Hansen, James Ward, Peter Landon and Thomas Dixon, were all Americans. Nine of the more seriously injured were removed to a hospital at Rock Springs, Wyo.

The explosion occurred in what is known as the "second north entry," 100 feet from the main slope and 1,000 feet from the surface. The force of the explosion was confined closely and only those working in the immediate vicinity of the explosion were injured. Miners in other portions of the mine made their way to the surface uninjured. The fans remained in operation and the after damp soon was cleared from the entries.

As soon as the alarm was given, rescue crews were summoned from the other mines of the Kemmerer Coal company, and the United States mine rescue car stationed at Diamondville, several miles away, was rushed to the scene.

Led by helmet men from the rescue car, volunteers made their way with comparatively little difficulty to the entry and began the immediate removal of the injured. A thorough search of all the workings of the mine was made and all of the 112 men in the mine when the explosion took place are accounted for.

RARE DISEASE KILLING WOMAN

Flesh on Hands and Arms Turning Black and Hard as Ebony, Immovable and Numb.

Elgin, Ill., Jan. 22.—A disease never before recorded in this vicinity has attacked Mrs. Abel Hare, 45 years old, and is slowly causing her death. It is known as Raynaud's disease.

It is turning the flesh on her hands and arms into a black substance, hard, immovable, and without feeling. The disease has spread from the fingers to the elbow in a week, and the hands resemble ebony in appearance. Physicians say it results from contraction of the coverings of the blood vessels.

Disobeyed and Died.

Mexico, Mo., Jan. 22.—After he had been refused permission to go hunting, and was under campus confines, Perry Hazelton, 12 years old, of St. Louis, a cadet in the Missouri Military academy here, escaped the vigilance of Col. W. E. Mould, commandant, and, after joining his fellows, was accidentally shot and killed.

The Proof is in Maryville, Almost at Your Door.

The public statement of a Maryville citizen is in itself strong proof for Maryville people, but confirmation strengthens the evidence.

SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and Prevents Catarrh and Cold in the Head.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by its sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it. Where a spray is needed, ask for Ely's (Liquid) Cream Balm.

ROCK ISLAND REFUSES SERVICE.

Brings Suit to Prevent Enforcement of Law Requiring Stops in Kansas City, Kan.

Topeka, Jan. 22.—The Chicago, Rock Island & Pacific Railroad company does not propose to stop its trains in Kansas City, Kan. The company brought a suit in the federal court here to prevent John Dawson, attorney general, and James Meek, county attorney of Wyandotte county, from enforcing the law that requires the stops. The suit also is to restrain all efforts to collect \$50 a day penalty for failure to stop the trains.

The bill of complaint shows that the Rock Island has no railroad from Kansas City to Topeka, but merely has trackage rights over the Union Pacific under a 99-year lease. The lease does not give the Rock Island any right to do a local business between Topeka and Kansas City, Kan.

Liberal in Name Only.

Liberal, Kan., Jan. 22.—Complaints have been made for some time that there were many bootleggers in Liberal. Upon urgent demand of a number of residents, the attorney general appointed V. H. Grinstead, assistant attorney general for Seward county. Judge Grinstead went to work at once, raids were made and six bootleggers landed in the county jail and a quantity of intoxicating liquor was seized.

Miss Graham's Heroics

By Carl Jenkins

"It's the bay of a blood-hound!" almost screamed Myra Graham as she came running around the corner of the house to where her father sat reading on the veranda.

"Yes, it sounds like it," was the indifferent reply.

"But it's a blood-hound after a prisoner who has escaped from the chain-gang!"

"Very likely."

"And the poor fellow will be recaptured and terribly punished! Father, father, why don't you do something? If you don't, I will!"

"Daughter, come up here and take a seat. Now, then, ever since those convicts from the state camp have been working on the big ditch you have been all upset. You have been full of pity for what you call the 'poor, innocent men,' and you've been heard to hope that all of them might escape. You are wasting your sympathies. They deserve no pity. They are a wicked lot, and you don't want to carry this load too far."

"Some may be wicked and deserve their punishment," admitted the girl with moisture in her eyes, "but not all. When I have been out in my electric I have seen—"

"Oh, you have been looking the gang over to find a martyr and a hero, have you?"

"Father, there is one man who can't possibly be guilty of any crime. He is born a gentleman. He has been educated. There are no hard lines in his face. No one can make me believe he is guilty."

"But he was tried by a jury and sent there by a judge."

"Then they made an awful mistake."

"Well, don't you make another. Better take some other road when you ride out. I shouldn't think it would be a pleasant sight for a young lady to pass a chain-gang."

There was one man in the chain-gang whose face almost haunted Myra Graham. He was what she had described to her father. This one convict stood out above all the others. Even the guards with their rifles who hovered about seemed to pay him deference. He had straightened up and looked square into the girl's eyes three different times as she passed, and she had read shame, humility, appeal in the look. Her sympathies had been touched. She had almost decided to appeal to her father to make an investigation and seek to secure a pardon. She had heard of dozens of cases where men had been wrongfully convicted, and this was surely another instance.

Miss Graham and Mr. Lee Benedict were not actually engaged, but as Aunt Linda, the colored cook of the Graham household put it: "Day's shore gittin' mighty clus to it!"

Mr. Bennett was a frequent caller, and was welcomed by all. It was unfortunate that he should appear on the afternoon of the blood-hound's bay. He not only did, but he brought news of the escape and recapture of a prisoner. He also had words of praise for the dog. He had received no hint of the feelings of Miss Myra in the matter, and he even spoke of her hero to call him a desperado of the worst type, and to add that any one had but to glance at him to realize the fact.

"I have glanced at him, and I beg your pardon," was the stiff reply.

"Why, the gang is distributed for half a mile along the highway."

"I am aware of the fact."

"And a young lady riding out alone—"

"Has encountered nothing to offend. Mr. Bennett."

"But the hero you particularly mentioned—"

"Let us not discuss the case further."

There was a difference—a misunderstanding—almost a rupture. Mr. Bennett rode away in a perplexed mood, and Miss Myra looked after him and said to herself that it was such men as he, acting as jurors, who sent innocent men to the chain-gangs as carelessly as they shot quail.

Her father had suggested that she take some other road when riding about, and she would heed the suggestion, but she found herself more in earnest about the gentlemanly convict that she cared to be. She was almost startled to find herself wondering if she could not add him to escape.

For three days Miss Myra did not ride out at all. Then the runaway traversed another road. The return might be made by the turnpike, on the side of which the convicts were working. She would decide that point later on. At five miles from home the vehicle stopped that its owner might gather a bouquet of roses. She was culling here and there, and no one was in sight up or down the road as far as she could see, when the baying of a blood-hound again reached her ears.

That bay meant that another convict had made a break for liberty. Was it the gentlemanly convict this time? There was a fervent wish that it was, and that he would succeed in making his escape. The baying was faint at first, but it came nearer and nearer. Now and then there was a silence, showing that the hound had lost the trail, but he always picked it up again and came on. The girl stood facing the dense forest on her right, and was soon trembling. The fugitive must be coming her way.

Crashing sounds under the trees, and

then a man—a convict—her hero—broke cover not thirty feet away. As he sprang across the highway he caught sight of the girl and the vehicle and turned and came towards them.

"Are you escaping? Is the hound after you?" cried Miss Myra.

"Yes, yes—he's after me!"

"Then jump in here, quick!"

She acted on impulse. Not a moment was given to thought. She was away with the fugitive three minutes before the hound broke cover and lost the trail at the highway and set up a howl of disappointment. The runaway was pushed to its highest speed.

Not a word between the girl and the man. He was breathing hard from his run and looking back, and she was looking ahead and picking out the road. When over a hill and a mile away she slowed down a bit and turned to the convict to ask:

"Where do you want to go? Where will you be safe?"

"Keep going," he ordered with a growl in his throat that startled her.

"But I asked you—"

"Shut up and keep up the speed or I'll twist that pretty neck of yours!"

That from the gentlemanly convict! The girl had said there wasn't a hard line in his face. She turned to it now and saw a face that made her shudder.

There was triumph, desperation, fear and craft there.

"Faster! Faster! Damn it, girl, do you want me to be overtaken! It looks like it and—"

He tore her hand from the steering gear, passed an arm around her waist, and with a heave sent her into the roadside ditch. He may have known how to run the machine, but it crashed into the fence a hundred rods ahead and he took to the woods.

Mr. Lee Bennett came riding that way. He might call at the Graham mansion or not. He would decide when he got nearer. He saw and identified the wrecked runaway. He looked around for its owner, and he saw her sitting and weeping beside the highway.

"Any broken bones?" he asked as he dismounted.

"Oh, Lee!" sobbed the girl as she looked up.

"There are three horsemen and a bloodhound coming down the road. They must be in chase of a runaway convict. Of course neither of us has seen him."

"I was so—so—foolish!"

"And there comes old Doctor Taylor in his buggy, and I'm sure he'll give you a lift home."

DON'T HAVE GRAY HAIR.

A Few Applications of Simple Remedy Restores the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.
